LOAN NUMBER: [REDACTED]

DATE: August 5, 2022

Your projected escrow balance as of 9/30/22 is \$58.64. Your required escrow balance, according to this analysis, should be \$1,166.78. This means you have a surplus balance of \$98.29. If a refund check was issued at the time of the analysis, the check is attached to the bottom of this form.

Once during this analysis period, your required escrow balance should be reduced to a target balance of \$558.13 as it does in March. Under Federal law, your target balance should not exceed an amount equal to two months of escrow payments for taxes and insurance, unless your mortgage document or state law specifies a lower amount.

Projected Activity from the Previous Analysis

This is a projection of the activity for your escrow account from the Previous Analysis. This projection was based on the disbursements anticipated to be made from your escrow account. Compare this projection to the actual escrow activity in the Account History (summarized below).

The escrow payment in this projection may not equal the escrow payment in the Account History if an adjustment was made to collect a shortage or refund a surplus.

Adjustments to the payment and differences between the anticipated and actual disbursements may prevent the actual balance from reaching the projected low escrow balance.
